THE SPIRIT OF GOD TRANSFORMS

Dr. Ezekiah Francis

In the days of the Old Testament, God the Father was acting pre-eminently and so was Jesus during the evangelical days. Since the day of Pentecost, it is the Holy Spirit who is moving actively.

As the Spirit of God moves upon anyone,

- He turns his darkness into light (Ps.18:28)
- He brings order where there is disorder (Jer.31:18; Heb.12:5,7)
- He fills everything in every way (Eph.1:23)

Darkness Turns into Light

The Holy Spirit is the Spirit of wisdom. He created the light first and then everything else, for us, so that we can see all that are created and are around us. In the same way, when He moves within us, He gives us the light and insight. The Bible, therefore, calls Him as the ‘Spirit of Wisdom and Revelation’ (Eph.1:17) and the ‘Enlightening Spirit’, ‘No eye has seen what God has prepared for us’, but God has revealed it to us by His Spirit (I.Co.2:9-10). As you lift your voice up and ask “O Holy Spirit, whatever you have prepared for me, illuminate them by moving over me, so that I can see them”, He comes over you! He dispels the darkness, howsoever pitch black it is! And He will keep your light burning and turn your darkness into light (Ps.18:28).

The triune God - the Father, the Son and the Holy Spirit act in unison to give us the light. According to the Divine plan, the Father thought of creating the light and pronounced the Word. Jesus was that Word. The Holy Spirit brought about the light. This was very well summed up by someone, as ‘Father thought it,

Jesus brought it and the Holy Spirit wrought it’.

Dear friend, are you facing serious problems in your life? God the Father has the Will that your problems should cease; Jesus has also commanded it to happen. However, the problems have not ceased; still persist. Does that worry you more? Are you at a loss to know what to do? Do you feel that there is no one to bring that Will and expression into fruition? You require the Holy Spirit to hover over you. If He broods over you, your problems will most certainly be solved. Your darkness shall be dispelled. Ask the Holy Spirit to come and brood over you. Your darkness shall be dispelled. Dazzling brightness shall engulf you.

The light refers to ‘wisdom’ and ‘revelations’. The need of the hour for us is the wisdom in this life and the revelations of our spiritual life. With that, we shall be able to foresee the future; the solution to our problems and that of the others, and the method to tackle them shall be in our hand. We shall become the wise men who shall win over multitudes of souls. When such a Spirit of God who leads us to brightness is with us, all the darkness of fear and of ungodliness shall never overpower us. The dazzling brightness of the Holy Spirit, the Creator, is brighter than the sunlight.

Brings Order into the Chaotic

“Now the earth was formless and void” (Ge.1:2) There was chaos everywhere. Nothing was in order. No one knew where the sea ended and where the dry ground began. Do you find such a situation in your life? Fear not! The Spirit of God shall bring order in your life.

The Holy Spirit is the Spirit of discipline. He is the Spirit of order. We read in 2 Timothy1:7, “God did not give us a Spirit of fear, but a Spirit of power, of love and

of self discipline". When someone comes into the dominion of the Spirit of God, the first thing that happens in his life is orderliness. He cannot lead a life according to his whims and fancies. The Holy Spirit would set the order and show 'This is the way' for him to follow. If in any household there is confusion, chaos, and disorderliness, invite the Holy Spirit. When He comes,

- ① He sets everything in perfect order; dispels the darkness, and the light shall pervade.
- ② He will bring order in your civil life, prayer life, the way of bringing up the children
- ③ He will help you to obey the leadership, obey the natural laws and the spiritual law.

Where chaos and confusion existed, there, with the advent of the Holy Spirit, will be perfect order, tranquillity and discipline.

Fills Everything in Every Way

The third effect of the advent of the Holy Spirit in one's life is that all he needs shall be met (Phil.4:19). He fills everything in every way. With His coming, penury becomes plentiful and scarcity becomes abundance. The Holy Spirit meets all the needs.

When the Holy Spirit moves over us, all that we say shall come about. Not only what you pray for but even what you pronounce shall come to pass.

I have seen this in my life. Whenever the Spirit of God is upon me, I know that very well. Does it mean that He does not move at other times? He does move, but it is we who make Him immobile. When the Spirit of God does not move over us, then all the deficiencies come to the fore. Then, there would be no peace, no health, no power, poverty, confusion etc. But when the Spirit of God who fills everything in every way moves over us, all our deficiencies become bountiful.

....to be contd

Say ‘NO!’ to Cancer

Rev. Benita Francis

Dear family of God, once again, this is not just some information on health! My heart is burning!!! Many precious and mightily used servants of God leave this earth too early and unnecessarily!!!

We can change that!!! Just read and heed!

We are today at a higher risk of cancer than ever before. According to statistics, in USA, three out of every four men, and soon two out of every three, will develop cancer at some point of life! That is due to lifestyle, stress, unhealthy or toxic foods, environmental stressors like sound pollution, chemical and industrial pollution, air pollution, water pollution etc.

Chemicals and free radicals from digestion and energy production in our own body attack our cells constantly. It is estimated that our DNA, the material of our genes, receives 10,000 attacks that could lead to cancer every day, and age and stress multiply that by 10! Just imagine! You really need to keep your body and immune system in top conditions to fight off this constant onslaught!

Today our food and drinking water contain high quantities of pesticides, herbicides, antibiotics, growth hormones, even anti baby pill residues! Girls as young as 12 years old get breast cancer from the estrogen (female hormone) in drinking water, milk and meats!

To my great dismay, we hear much news even of servants of God getting cancer! How can it be?? Are we really at the mercy of such cruel enemies as cancer? I was sincerely praying about that and would like to share with you some insights here.

Invincible life

I believe there is a life where no such factors can touch us! As children of God, we can and should live on a much higher plane! To us has been given the

Name that is far above all principality and power and might and dominion, and every name that is named, including the name of cancer (Eph.1:21)!!! At the name of Jesus every knee must bow, of those in heaven, and of those on earth, and of those under the earth, including cancer (Phil.2:10)!!!

Health and healing belong to us in Christ! Actually, we should live in such an anointing and glory that any cancer is evaporated by our pure presence!

As long as we live in the Spirit, we are immune to all these attacks! Unfortunately, we normally don't live on that level 24 hours a day. Whenever we go into the flesh, the enemy can use his spiritual and natural weapons to attack our health and our body, the temple of God's Spirit he much hates so much!

What is cancer

Cancer occurs when the genetic information in one cell gets damaged. This cell now starts multiplying fiercely without restraint and builds a tumor. After some time, this tumor starts spreading by sending cells into the blood- or lymph-stream. Wherever these settle, they again multiply and form metastasis. Once this happens, a cure is very difficult. That is why early discovery is so important: If you can cut out the first tumor before it starts spreading, chances for healing are very good.

Early Discovery

It seems to me that in the Western world the cancer survival rate is much higher than in India. World-renowned servants of God like Pat Robertson and his wife, Joyce Meyer and many others are cancer-survivors that enjoy perfect health in their sixties and seventies, years after their cancer was found. I believe that is due to our Western cancer prevention and public awareness programs.

Here again, “My people are destroyed for lack of knowledge” (Hos.4:6)! We have a free yearly gynecology check-up for women over 40. It is even mandatory, especially if there is a cancer history in the family!

You might say, “Isn’t that living in fear and negative expectations?”, but I would call it wisdom: “A prudent man foresees evil and hides himself, but the simple pass on and are punished” (Pr.22:3; 27:12). Just a little precaution can easily save your life! Don’t put off a medical check up if you have doubtful symptoms. Even a full blood test can reveal certain cancer factors. Ask specifically for these to be checked when you do a blood test.

Early discovery gives you up to 80% higher chances of survival!!! Nowadays, you can find so much helpful information on the internet. Ladies, for example, can learn a monthly self-exam for breast cancer on <http://www.healthcentral.com/breast-cancer/tests.html>.

Researchers found that women who do an annual mammography are up to 60 percent less likely to die of breast cancer! One setback is that the X-rays used by most mammograms increase the risk of breast cancer one to three percent with each exposure to the radiation – that is up to 30 percent in 10 years! Better choose a thermogram, MRI, or ultrasound of the breast. In case you do get an X-ray, take turmeric extract for the ten days leading up to the mammogram to protect breast tissue against radiation.

Prevention

The best news, however, is that to a surprisingly great extent, cancer can be prevented by the right lifestyle choices! Really, your health is in your hands, not in God’s hands! He has already given you all the prescriptions you need for a healthy life!

Stop white sugar

White sugar is not found anywhere in the Bible... It is purely man’s invention, refined and stripped of every good thing the plants it is made of contained. All cancers feed on sugar! So if you want your cancer to grow quickly, eat more white sugar... if not, just do the opposite... Convince your taste buds once and for all... J

Get enough exercise

Science found out that moderate aerobic

exercise such as walking, swimming, biking, ball games etc. can reduce the risk of getting cancer. Actually, exercise is one of the best ways to reduce the risk of breast cancer. Women who have breast cancer seem to have a better prognosis if they are physically active.

Reduce body weight

Fat causes inflammation – a leading cause of all cancers. Fat tissues also produce estrogen which can induce the growth of estrogen-related cancers. Sugar, alcohol and meats cooked at high temperature add weight to your body and increase cancer risk. Obesity and physical inactivity seems to account for 25 to 30 percent of several major cancers! Each kilo of overweight adds to your risk of developing cancer later on in life!

A recent report estimated that, in the United States, 14 percent of deaths from cancer in men and 20 percent of deaths in women were due to overweight and obesity!

Preventing weight gain can reduce the risk of many cancers. It is therefore best to establish habits of healthy eating and physical activity early in life to prevent overweight and obesity.

Avoid smoke and smog

Don’t smoke, and also try to stay away from smokers! It has been proven that “passive smoking” can be even more detrimental to health than active smoking! Smog from factories and exhaust fumes also are slow killers.

A very interesting experiment was done with a student in USA. Scientists made him walk for 20 minutes in a 1,6 km long 8-lane tunnel at rush hour. After that, his tissues showed a 15 months higher age than before!!! Imagine! Polluted air can make you age so quickly!

Fortunately, God’s medicines always counteract destruction: a high dose of protein, vitamins and a good sleep restored the tissues to his real age.

Avoid harmful chemicals

Nowadays, we can’t really escape chemicals. Anything we eat, drink and breathe today has been touched by some chemicals. As much as you can, filter your drinking water, use organically grown fruit and vegetables, or at least wash your fruit and vegetables

with warm water and some soap to remove residues from pesticides and fertilizers.

MSG or glutamate and other taste-enhancers as well as chemicals added to our food to make it more durable are real “cancer-fertilizers”. Take some time to read the labels on the products you buy. You will be shocked to discover how many chemicals are hidden in your “innocent” cookie package!

Reduce stress and worry

Stress, anxiety, and worry are silent killers! Not only do they cause heart disease, they also increase cancer risk dramatically! Again and again, I have seen people develop cancer about a year or a little more after a shock like the death of a loved one. Do your best to keep your inner peace. Fear and fear-based emotions actually make your body release harmful chemicals that attack and even destroy body and brain cells.

Strengthen your immune system

If your immune system is strong, it can efficiently detect and destroy cancerous cells. Strengthen your immune system with enough sleep, healthy exercise, the right diet and the right attitude.

Get enough sleep

Researchers found that at less than 7,4 hours of night sleep, the blood enters a pre-diabetic state. Further lack of sleep can lead to diabetes! It was also found that night workers (nurses, doctors or factory workers on night shifts) have a 70-80% higher risk of developing cancer than people who get healthy night sleep!

Many repair functions of the body, including the brain, can be done only while the body sleeps. Lack of sleep impairs the repair of damaged cells and endangers healthy cell reproduction.

Eat only full-grain products

Whole grains are rich in powerful cancer-fighters, including dietary fiber, starch, fat, antioxidant nutrients, minerals, vitamin, lignans and phenolic compounds, all of which reduce the risk of cancer. Phytoestrogens seem to be particularly important in the prevention of hormonally-dependent cancers such as breast and prostate.

Most of the components are found in the germ

and bran which are reduced in the grain refining process. Avail the God-given preventive and curative medicine found in whole grains! Don’t allow fashion and fancy to strip you of your health, God’s precious gift to you!

Eat enough life

If you want life, eat life! As we studied earlier, the enzymes in fresh fruit and vegetables and especially in sprouts can repair much of the damage done to your cells.

The World Health Organization recommends five to nine servings of fruits and vegetables every day for cancer-protection and other health benefits. This is not as difficult as it may seem. Just aim for one or two servings at every meal and snack – for example, a glass of fresh orange juice (not the chemical one) along with fruit on sugar-free cereal for breakfast, a salad that includes fresh, raw vegetables for lunch, fruit for an afternoon snack, and whole-grain pasta with tomato and mushroom sauce for dinner. A serving equals one medium-sized fruit or one-half cup cooked, or one-cup leafy, vegetables.

Eat and drink the rainbow

God created the different fruits and vegetables in different colors to attract our appetite. All these colors point to different phytochemicals and other health-promoting substances. Especially yellow and green fruits and vegetables have proven to be very powerful in cancer-protection. The many antioxidants in small berries are some of the most powerful weapons against cell damage.

There are even many teas of different colors. You probably heard about the cancer-defying properties of green tea. The teas all have specific ingredients, so if you vary them, you can be sure of getting “the full spectrum”.

Take good vitamins and supplements

If you are not sure you are getting enough vitamins and minerals with your diet, you can take some good supplements. Co-Enzyme Q10, in short, Co-Q10, is a powerful repairer of cell damage and helps in energy production. It restores youthfulness to your body and empowers it to fight carcinogens.

Vitamin B, especially folate, is also recommended as a cancer protection. Vitamin C has been proven to have tremendous power to build and

restore tissues and boost immune system functions. Vitamin D is very effective in reducing cancer risk – according to studies, even as much as 75% if taken in 1,000 to 2,000 units a day!

Lecithin helps protect your liver, your most important detoxification-organ. Coconut has a very high concentration of Selen, a substance that prevents cancer, especially in stomach and esophagus, and prevents destruction of genetic information.

Use the right fats and oils

Unfortunately, most oils we use today are hydrogenated or otherwise denatured, which can again lead to cell mutation. Try to use only natural oils. Use butter, not margarine. Avoid half-fat products. As a general rule, use food as close to its creation state as possible. Cold-pressed extra-virgin olive oil has proven to protect powerfully against heart-disease and cancer.

Get pure drinking water

Nowadays, a water filter is a must because of the high amount of chlorine and chemical residues in metropolitan water. Even if you buy your water in plastic cans or bottles, your health is at risk since exposure to sunlight releases chemicals in the plastic that migrate into your drinking water – and how could you possibly make sure your water can or bottle was kept away from light? Keeping your water in glass jars instead of using plastic is another helpful cancer-protection-strategy.

Your attitude

Some of the most important health-prescriptions are found in Paul's letter to the Philippians: "**Rejoice** in the Lord **always**. Again I will say, **rejoice!** ... **Be anxious for nothing**, but in everything by **prayer** and supplication, with **thanksgiving**, let your requests be made known to God; and the **peace** of God, which surpasses all understanding, will guard your hearts and minds through Christ Jesus. Finally, brethren, whatever things are true, whatever things *are* noble, whatever things *are* just, whatever things *are* pure, whatever things *are* lovely, whatever things *are* of good report, if *there is* any virtue and if *there is* anything praiseworthy – meditate on these things" (Phil.4:4,6-8).

These four verses contain a complete prescription for health and success! A lifestyle of joy,

serenity, trust in God and prayer, gratitude, peace and positive thoughts about life, people and yourself is the best vaccine against sickness and disease!

A Kingdom-lifestyle

Live in the Spirit, live in God's Kingdom! That means, you will constantly live in righteousness, peace, and joy in the Holy Ghost (Ro.14:17)! You will have a merry heart that does good like medicine (Pr.17:22)! If you live such a life, no fiery dart of satan can penetrate your heavenly armor (Eph.6:10-18)!

A healthy spirit

One of the main causes for demonic oppression and sicknesses like cancer is bitterness and unforgiveness. In Mt.18, Jesus warns us about the "tormentors", demonic agents that are invited by our unwillingness to forgive! Make sure you pursue peace with all people and holiness (Heb.12:14)! If satan already succeeded in poisoning your heart, your physical health is at risk!

Never fear!

One main reason for cancer is actually the fear of cancer!!! Job said, "For the thing I greatly feared has come upon me, and what I dreaded has happened to me" (Job 3:25). Fear attracts satan! Faith attracts God!

Never forget: Fear connects you to satan and his demonic world! Faith connects you to God and His miracle world! Many people don't go for a medical check up because of fear of what the doctor might say! NO! Don't do that! You cannot fight an enemy you don't even know about!

Let's just imagine a worst-case-scenario: your doctor gives you a bad report. Well, now at least you know how to pray intelligently! To you has been given the Name above all names – so rebuke that name the doctor told you, in Jesus' Name!!! Pray for God's strategy to destroy this enemy! Go to the internet and study the newest scientific ways for healing!

BE ACTIVE!!! Don't sit at home like a rabbit hypnotized by a snake, fearing you might hear the word "cancer" if you go to your doctor! Attack is the best defense, so act today!!!

Shun rebellion

Avoid backbiting and rebellion - it brings leprosy (Nu.12:1-15)! Actually, cancer is nothing but a "rebellion of cells gone wild", and auto-immune

diseases like lupus, multiple sclerosis and even AIDS occur when the body turns to attack and destroy itself! You are accepted in the Beloved (Eph.1:6)! Accept yourself and others, and your body will accept itself!

Break any curses

Another important fact to consider is curses. Self-imposed curses or curses from others as well as curses from your own sin or your family heritage can give satan a loophole to attack your health. Confess your sins and your forefathers' sins, break any legal right they gave to satan, and cast out any demon they invited!

Use the Word-power

Last but not least, another powerful spiritual weapon from God's Word (Eph.6:18): "Who is the man who desires life, and loves many days, that he may see good? Keep your tongue from evil, and your lips from speaking deceit. Depart from evil and do good; seek peace and pursue it" (Ps.34:12-14). If you can keep your tongue, you keep your soul and body healthy!!! You will be able to bridle your whole body

and lead it in the way of life and health (Jas.3:2).

Honor and bless your physical and spiritual parents: "Honor your father and mother, which is the first commandment with promise: that it may be well with you and you may live long on the earth" (Eph.6:2-3)

Never speak death or sickness over yourself or others: "Death and life are in the power of the tongue, and those who love it will eat its fruit" (Pr.18:21)! MANY cancers have been destroyed by the authoritative command from the Word of God (Ps.107:20).

Worshippers in the Holy Bible

DANIEL, THE SUPERNATURAL MAN OF PRAISE AND WORSHIP

Bro. Manuel Jeyaraj

In this issue, I would like to talk about the results of praise and worship and the supernatural worship lifestyle of Daniel, a mighty worshipper before God. I think of all the saints of God in the Old Testament, may be Daniel was the only exceptional and vibrant holy man who went on to peep into the greater secrets of God's supernatural realm, even into the supernatural experience of the New Testament (interpreting the heavenly language). From the start till the end of Daniel's lifestyle, one can notice the supernatural presence brooding over him and the land he lived. I think its right time for all of us to know the deepest secrets of praise and worship as revealed in the life of Daniel. If India has to be reached within a short period of time, I believe we'll all have to practice the lifestyle of Daniel.

What the Holy Spirit want is ‘presence transporters’ who can transform lands and nations. I am really amazed about how God trusted Daniel with His awesome presence to just display His omniscient power and the dominion of His marvelous, glorious and everlasting Kingdom. I used to say often to myself and to the others, “**If the Kingdom of God in Daniel’s time was ten times better than the kingdom of Nebuchadnezzar, how much more should it be in the New Testament?**” Daniel-1:15 and 20. Where have we failed? What is the voice of the Holy Ghost today concerning this? Who can really do something about it? Only you and I can do something about it. I want you all really understand and receive the burden of the Holy Ghost concerning His will to reveal the supreme, miraculous and the dominant power of the Kingdom (presence) of God through praise and worship.

I can assure you that this is the burden and the voice of the Holy Ghost for the end time church. The Holy Spirit spoke these words to me, when one day I was watching the television in my co-brother's house. Suddenly, I heard the Holy Ghost saying, “Go, read the book of Daniel.” Immediately, I forced myself to go

into a private room to meditate the Bible. I took the book of Daniel and started reading it very carefully. Beloved, believe me; I was unable to continue reading the other chapters of Daniel after reading chapter 1 and verse 1 and 2. I read the first two verses again and again and started crying beyond my control. I couldn't perceive what the Holy Ghost really wanted to speak to me. I closed my Bible and I was just pondering over it. The next few days I read the same chapter 1 and verse 1 and 2 from Daniel and started crying. I was unable to force myself to go reading the other verses. It went on like this for a week. Then I heard the Holy Ghost speaking to me in my spirit and put His burden in my spirit.

Let's get started. In the first two verses of the first chapter of Daniel, you'll find the verses going like this, “In the third year of the reign of Jehoiakim, king of **Judah**, Nebuchadnezzar came to Jerusalem and besieged it. **The Lord gave** Jehoiakim, king of **Judah** into his hand, along with some of the vessels of the house of God; and he brought them to the land of Shinar, to the house of his god, and he brought the vessels into the treasury of his god.” The Holy Spirit asked me, “**How can Judah be captured? How can Judah be sold into slavery? How can Judah (praise) be imprisoned?** I said, “It cannot be like that Lord. How come it happened?” Beloved, it was not the will of God for Judah to go into exile. God always loved Judah people. He never let them down because it was the tribe of David. Praise was the strongest weapon used by the Israelites against their enemies. God was victorious among them through His people's praise. **Only sin, idol worship and strange altars irritated God to sell them to a gentile barbaric king (II Chronicles 36th chapter).**

Judah should never get besieged (captured). Judah people cannot remain in bondages. We can never go to the other extreme of God sending us into captivity because the Bible warns that the Lord gave Judah into the hands of king Nebuchadnezzar. It was

not the plan of God for His people. But God can go to that extreme also. The Bible says in Romans-1:21-32, that God gave them over in the lusts of their hearts to impurity ... (they) worshipped and served the creature rather than the Creator, who is blessed forever (emphasis mine). What an unfortunate thing if we don't worship God but serve His creatures! God can go on to sell His own people, His possession if He is not honoured (worshipped). However, it was not the plan of God.

The Holy Ghost's cry is that His Judah people can never be in bondages. We've been giving some foothold to satan in some areas of our life. May be we are concentrating on how to improve our lives or ministries. May be we became very busy in God's ministry. But God is expecting a continual worship of His name. It's time for all of us to break all bondages around us. The Bible says in Colossians-1:13 that we were rescued from the domain of darkness and transferred to the Kingdom of His beloved Son (**a loving Son who is expecting our love devotion** (emphasis mine)).

Paul says, "We bring every thought captive to the mind of Christ..." That's the praise lifestyle of a New Testament believer. **Our spirit has the mind of Christ which glorifies God. Your spirit man is a worshipping man. The good thing in the New Testament is that we can never be in any kind of bondage.** The choice is only ours whether to be out of bondage or not. But God has called us to break bondages and not be in bondages. God has made us the light of this world. What a shame if we become darkness to this world!

God's plan is that we are to be holy vessels carrying His holy presence to the ends of the earth. What a great shame if we become dishonoured vessels used only for the lusts of the eyes and the pride of this life! No! No! No! Beloved, beware of this and come out of any thing that is holding you out from real praise and worship. **You are the Daniel the Lord is seeking for.** Do you know where have we gone wrong? It is in our minds, not giving glory to God (Romans-1:20, 21). Judah people must praise and worship Him from their spirit and in truth? Your spirit man is identical to Jesus spirit always giving glory to God.

God is ready to raise many Daniels for real praise and worship. One day, the Holy Spirit spoke to me that the only purpose for including Daniel as a book in the Bible is to show how His awesome Kingdom,

His supernatural presence on one man can take the supreme control over all the other earthly kingdoms. Do you know why God has chosen us as a Kingdom of priests and called us to be a royal priesthood? Just to show the earthly kings that His supernatural presence is in perfect control of their kingdoms.

We have to realize our calling and work towards the fulfillment of it. We have in our spirit the wholesome and the complete presence of God. We are not in short of anything in our spirit. It is full of God. We are full of God. Don't keep asking God for some more presence. But rather enjoy His presence and learn to release His presence from your spirit. **The Holy Ghost is expecting us to release His presence from our spirit into this world so that His supernatural presence will be seen by the rulers of this world.** I am also talking about how you can release the presence through praise and worship so that the principalities in the heavenly places will tremble at the supreme power of the awesome presence of God.

Beloved, to witness powerful and amazing results through praise and worship as revealed in the life of Daniel, I think we'll all have to be a constant worshipper of God not giving our minds for the passing thoughts. Only we'll have to reveal the mind of Christ to this world. Only we'll have to prove the presence (His Kingdom) of God in the land we live. So it's high time for all of us to spend the rest of our lives in His marvelous presence. I believe the Bible strongly emphasizes a continual praise lifestyle which happens to be the powerful key to enter into the supernatural realm of God (Hebrews-13:15). Beloved, I don't have enough words to describe the outcome of a continual supernatural worship life.

First of all, we'll have to learn to enjoy the presence of God that is very much alive in us. Many assume that God's presence is outside a believer which is not the actual New Testament truth. Christ lives in us as the hope of glory. Beloved, we have the glorious presence of the risen Christ Jesus. What we'll have to do in the rest of our lives is to enjoy His awesome presence and release it from our spirit.

The measure with which you enjoy His presence will determine the measure of His presence you will release into this world. This is what is seen in Daniel-1:8. Daniel refused to taste the food and the wine which came from the king's table. Do you know why? I know some of you will say because he wanted to maintain his holiness. Good, that's right. But

added to that, I want to say that he refused because he was enjoying the wine (the presence) of His God. And so, he did not mind the choice food and the wine from the king's ration. How much are we considering the joy of the Holy Ghost? How much do we value and enjoy the presence of God?

Beloved readers, start enjoying His presence which is very much true in you. **It is not the decision you take that keeps you holy but it is the presence of God you enjoy that ultimately releases Christ Jesus into your filthiness.** That's why Daniel was so strong and persistent in seeking God's presence even in his busy schedule. Many of us fail to seek God's presence in our busy schedule. It's a danger. Daniel did not

defile himself. He kept himself holy and challenged the rule put by king Nebchadnezzar. What was the secret behind his daring boldness? It was nothing but the presence of God which was on him.

When you start tasting God's presence, there comes a boldness which will challenge not the people at the lower level but kings and queens. His presence releases such an awesome power to teach the ways of God to the kings of this earth. This is the cry of the Holy Ghost today for the end time church. His power is in His presence. His plans are in His presence. His strategies are in His presence. His daring boldness is in His presence.
