

FROM THE DEPTH OF MY HEART...

Dearly Beloved,

Greetings in the name of our resurrected Lord Jesus Christ!

It is a great privilege to work in His vineyard and to be a blessing to others. You are also part of this ministry by your eminent prayers and generous offerings. You have a great reward on this earth and also in heaven. We bless you abundantly!

God has highly exalted you above your enemies. The devil is neither above you nor equal to you. Learn to look down upon him and disdain him. When all the Israelites saw Goliath as a mighty giant, only David saw him as an uncircumcised Philistine. Your enemy has lost his power and authority over you. You can trample upon serpents and scorpions if you resolve to see him as a fallen angel. Jesus saw him fall like a lightning from heaven (Lk.10:17-19). Better see him so. Believe that the entire demonic spirit world is subject to your command. Know your authority and show it to them TODAY!

By God's grace, we experience a mighty move of the Holy Spirit in the current batch of the School of the Holy Spirit. Students are being delivered and taken from one level of glory into another level of glory. Every day the glory level is increasing with mighty manifestations of Word and power. Continue to pray for the complete work in each and every one of the students.

We need your fervent prayers for our Supernatural Lifestyle Seminars in Bhopal, Mumbai and Hyderabad. Our nation desperately needs a "Jesus kind" of miracle workers. Kindly mobilize people to attend these seminars.

Pray for minister's family

Dr. Ezekiah Francis

When the enemy fails in his attempt against the servants of God, he turns his attention on the minister's family and tries to destroy them. When destruction strikes his family, the servant of God is shattered. The next scheme of the devil is to break their emotions, if he cannot touch them physically. That is why the church should pray for the safety of the family of the servants of God.

Further, if the devil is unable to touch the family, he will try to attack his faithful co-workers and team. Therefore, those who intercede for the servant of God should include his family, his co-workers and his team in their prayers. Satan tries his best to hinder the family and co-workers of the servant of God from carrying on the ministry. Satan cannot tolerate the entire family serving the Lord. It is not strange for the devil who intensely hates the servant of God to hate his family as well. Similarly, it is natural for those who love a servant of God, to love his family. Some children of God who have not had such prayer support have lost their dear ones in accidents and live a life of brokenness and pain. Unselfish prayer warriors who seek the well-being of the servants of God are the solution to this problem.

The Lord God will certainly reward intercessors and prosper their families. The Lord remembered and blessed the Egyptian midwives when they saved the male children of Israel [Ex. 1: 20, 21]. Will He not bless the prayer warriors who save the servants of God and their families by

their intercession?!

The two spies sent by Joshua were protected by the harlot Rahab. Did not God in turn protect her and her entire family? [Jos.6:25]. This unchanging God will surely protect those who protect His servants through intercession.

Her beloved husband was dead and Naomi was after all her mother-in-law! Ruth could have kissed her like Orpah and bid her good-bye. On the contrary, Ruth firmly said that nothing but death could separate them. Did God forget her goodness and leave her a destitute? Did He not reward her for her grateful act? The Bible tells us that our Lord and Saviour Jesus Christ descended from the family of Obed, who was her son through Boaz.

When a person wants to assault a leader he first plans to kill his body guard. Similarly, satan targets the family of a servant of God who stand like a fortress around him. I saw this startling reality when I served as a missionary in North India. Whenever a gang wanted to kill someone they would not stop with him. They would plan with accuracy to destroy the whole family. We do find such cold blooded murderers even today. (I think they are the descendants of Haman.) The Bible says that Haman was furious with Mordecai. *"But he disdained to lay hands on Mordecai alone, for they had told him of the people of Mordecai. Instead Haman sought to destroy all the Jews who were throughout the whole kingdom of*

Ahasuerus -the people ofMordecai” [Es. 3:6].

If Haman was so full of hatred and venom, how much more hatred would there be in the devil who was in him? Isn't he the author of murder and death? The hatred that he has against a minister will surely be reflected upon the family too. That is why some renowned ministers have lost their dear children in fatal accidents. Let this truth sink into you. The devil's wrath is first of all against the servant of God and then against his family. That is why the Holy Spirit who loves His servants' families is urging you to pray for them now through the pages of this book.

Often people who pray for the ministers of God forget to uphold their families in prayer.

In a way this is a triumph for satan!. The devil's attack is more ferocious against the family of a servant of God than against other families. Just because God's servants shine for Jesus their families are unduly attacked by Satan. To kill Baby Jesus, satan murderously planned to kill all the male babies in that town. Even so, he is seeking ways to kill and destroy the families of the servants of God. Words cannot express the anguish and sorrow in my heart as over the years I have watched the different ways in which he torments the families of the servants of God.

In my personal life, I have seen hundreds of instances when the devil attempted to destroy my family because I have served God faithfully through the years. Some times I would be deep in prayer before a power-packed programme. Suddenly like a typhoon the devil will attack my home. Someone will fall sick and the peace in our home will be shattered. My mind will falter and even before starting from home I will be discouraged in my spirit. In the midst of it all, I had to meet the crying needs of the people. Those who have experienced this anguish will know what I mean. Therefore, pray for the journeys of the families of the servants of God. Intercede that the Lord would safeguard their body, soul and spirit. Bind the demons that attack the servants of God and their families in the Name of Jesus.

Release safety for them in Jesus Name. Servants of God are a blessing not only to you but to your entire family. They pray for your whole family. If that be the case, isn't it your bounden duty to be a source of blessing to the families of God's servants? It is a privilege to intercede for their families. It is also appropriate that you engage in spiritual warfare for them. What a great service you render to the servants of God and God Himself!!

Samuel

Prophet Samuel was a great blessing to all the families of Israel. He often wept before the Lord for their sake. But the people were not ready to intercede for him and his family. In the Old Testament, the people believed that it was the duty of a prophet to intercede for the people. They never reciprocated the prayers of the prophet. This is one of the reasons why satan succeeded in his ferocious attacks on the men of God and their families. Samuel prayed for all the families of Israel, but there was no one to pray for his family. Alas!, his children did not follow the way of righteousness. That was a time in history when not much light was throw on spiritual warfare. The same demons that were active against Eli's family and other families were up against the children of Samuel. Therefore, they fell a victim to the lust of money. They received bribes and spurned justice. The Bible says that the Israelites complained against them. Why did the children of a servant of God deteriorate to that level?!

In the present day, there is no dearth of people who criticize the wife, children and family of a servant of God. But where are the intercessors to safeguard them? This is the heart cry of the Holy Spirit. Will you say, "Here I am Lord!"

The Three White Killers

(Excerpt from the Book “Health your most precious asset”)

Rev. Benita Francis

In this chapter, I want to teach you to conquer one of the “three white killers” that are taking countless lives all over the planet. Have you ever heard about them? Unfortunately, they find their way into our homes at a fast increasing rate all over the world.

The result is a tremendous rise in “civilization diseases” like heart attack, stroke, diabetes, cancer, obesity, allergies and all kinds of other tortures for humanity. India holds the sad world record in diabetes and in heart attack, and there are definite reasons for it. Fortunately, there are also definite ways to protect yourself from it.

What are these “three white killers”? They are white sugar, white wheat and white rice! In another chapter, we will study in depth why “white” is so dangerous.

Now let me give you a sad example of why white sugar is so bad for your health. As I write this book, we got news that an anointed prophet of God in India passed away in a very sad way at the young age of only 53 years. The reason was given as blood poisoning in the aftermath of a heart operation. Actually, he was scheduled for a kidney transplant when the heart problem arose.

Yet what was the beginning of all these troubles? It was, as in so many cases, diabetes, high blood sugar!

Diabetes is increasing at alarming rates all over the world. In USA, for example, less than 200 years ago people consumed about 10 pounds of sugar per year, compared to 170 pounds today!

Many people try to get 25% of their daily nutrition from sugar! It’s as if they ate a bowl full of sugar every fourth meal! As a result, doctors today expect two out of

three Americans to develop diabetes, and even one out of two among the sugar-loving Hispanic citizens. Unfortunately, India is heading into the same direction! The main reasons are today’s sedentary lifestyle and wrong diet choices.

Why not you heed these global warnings and restrict your sugar intake reasonably from today onward? As a reward, you will be able to enjoy God’s wonderful sweets in the form of healthy fruits or vegetables until the last day of your life! It just breaks my heart to see servants of God in their thirties having to inject insulin and avoid all kinds of sugar, even in the form of fruit!

Sugar goes through a long **refining process** of at least ten steps during which even bleach, chlorine and other chemicals may be used to make it more appealing to the eye!

Once refined, sugar is denatured and devitalized, stripped of all its nutritional value (97% of its vital magnesium content, for example, is stripped off!), and gives you only empty calories.

Researchers say that if we ate sugar cane prior to processing, we would receive many of the essentials needed for life, in addition to large amounts of fiber which would cleanse our intestines and our whole digestive system. How sad that man always seems to think he has to improve what God created! If you eat and drink things as natural and as close to their creation state as possible, you will enjoy tremendous health!

Sugar is definitely an **addictive** substance. You don’t believe it? Well, just try to “lay it on the altar”, as Dr. Jordan Rubin, author of many health books and personal doctor of servants of God like Benny Hinn, Joyce Meyer, Kenneth Copeland and others requires!

Dr. Rubin even goes to the extent of refusing to treat a patient if he is not willing to break his sugar-addiction by eating and drinking completely sugar-free for at least three weeks! His success with patients given up to die by many doctors and hospitals honors his methods.

White sugar creates crooked teeth, obesity, frequent infections, allergies, hyperactivity, dyslexia, depression, addictions and blood clots. Some researchers even hold that sweets, rather than fat, increase the risk of heart attacks! Diets high in sugar elevate cholesterol and triglycerides, making sugar as risky for the heart as smoking or obesity. Studies showed that **“bad” cholesterol concentrations can be lowered simply by a diet low in sugar!**

As you try to lower your sugar intake, well-meaning people may worry that you might become weak without the instant energy sugar seems to give. But don't worry, you can easily get all your sugars and carbohydrates in a much healthier way by eating fresh fruit or vegetables, chewing some dry fruits or adding a little honey.

Did you know that **ONE teaspoon of white sugar “kills” your immune system for 6-8 hours?!?!?!?** After taking your tasty Indian tea or coffee loaded with sugar, your body has to struggle with extremely low defenses against any bacteria, virus or health attack!

Another well-known fact is that **cancer feeds on sugar!** Many times, cancer patients' lives could be saved by a diet rich in fresh vegetables, completely avoiding all white sugar!

As you shop, please read the labels! Not everything that seems healthy really is healthy! There is a boom of “muesli” cereals now in India, but unfortunately, many of these products contain tremendous amounts of sugar. What will that do to your health?

A science project reports feeding a dry, sugary cereal to one group of rats. The box containing the cereal was fed to a similar group of rats. The study indicated that the rats who ate the box were healthier than those who ate the cereal! This makes sense because the rats that were fed the box were essentially fasting, which is better than the rats eating toxic white flour, sugars (up to 60% in the cereal used) and

artificial colors!

Children and adults easily get addicted to these sugary cereals, and thinking they do their health a favor, they actually deplete their body of many vitamins and minerals. It is a well-known fact that **white sugar robs the body of vitamins and minerals**, especially the B-vitamin-group that is so essential for a good nervous system and brain function, and calcium that is so needed for bone health.

Some sailors were stranded on an island and ate only water and white sugar for nine days. When they were found, they were in a severe toxic condition because the sugar had taken out many vitamins and minerals from their bodies and even brain tissues. In fasting, therefore, you should not take white sugar! **Plain water or fresh vegetable juices will keep your body healthier than sugared drinks!**

A very interesting experiment was conducted in some schools in New York. Many American children today are so aggressive that teachers carry their guns to school to protect their lives. American school kids usually eat “junk food” like white-bread-burgers with ketchup (which contains very much sugar), candy bars, chips and chocolates and drink the typical soft drinks.

Now these schools completely eliminated all these items from the children's diet and fed them fresh fruit and full-grain bread with healthy meat, cheese or honey. Their drinks were milk and pure water. In a very short time, the students changed in an astounding manner! They became peaceful, patient, well-mannered, attentive, intelligent and bright. They lost their over-weight and regained a healthy complexion and even a good social behavior!

In today's world, parents feed their children fast-food and soft drinks without knowing the damage they do even to their children's character.

Many parents today complain that their children are unable to concentrate for a longer period of time. This feared **ADS**, “attention deficiency syndrome”, makes parents follow doctor's advice and administer drugs even to small children. Imagine the horror of a drugged generation! We see it in Europe more and more. Please feed your children only natural, healthy items, and you will see them as bright and attentive as can be!

With great concern, I see all the western evils like soft drinks, candy bars etc. spread at lightning speed all over the world! Did you know for example that 330 ml of coke contain 19 serving of white sugar (as much as 12-15 apples or 15 feet of sugar cane!), plus chemicals so harmful that they “digest” a piece of meat overnight? These substances will definitely affect the character of the young generation if you allow them to consume them!

Please stick to your wonderful fruit juices, lassies, curds and buttermilks as well as tea and coffee without sugar (you can add some honey, if needed).

Healthier alternatives

Interestingly, honey is mentioned in the Bible 57 times, whereas sugar doesn’t appear even once. **Honey** is packed with 165 ingredients most of which are missing in sugar. Many times, even diabetics tolerate honey better than refined sugar.

Honey is actually a natural antibiotic! Honey conserves its nutritional treasures best when eaten

without heating, straining or removing from the comb. Heating destroys many of the wonderful enzymes, minerals, amino acids and vitamins contained in honey. For example, two different forms of calcium are found in honey!

Proline, one of the 18 amino acids found in honey, is the primary component in collagen, the main structure in skin and bone. No wonder honey is health to the bones, as Proverbs 16:24 says: „Pleasant words *are like* a honeycomb, sweetness to the soul and health to the bones”!

There is another miracle in honey: When the bees collect honey from poisonous blossoms that are heavily sprayed with insecticides or other chemicals, these are not transferred to the honey! Somewhere in the process of ingesting pollen and producing honey, natural detoxification takes place! What a wonderful Creator we serve!!!

You can chew the honey comb like a chewing gum! Try it, you will enjoy! It is also biblical: “My son,

eat honey because *it is* good, and the honeycomb *which is* sweet to your taste” (Pr.24:13).

Jaggery or molasses are also healthier alternatives to sugar. The best way, however, is to follow the Creator’s idea: **Fresh fruit!** Our word **fruit** comes from the latin word *frui* which means to enjoy! He created our taste buds to relish the taste, and our intestines to absorb and digest the healthy ingredients of fruit!

Artificial sweeteners

Are artificial sweeteners a healthy alternative? Unfortunately, I have to say a big NO!

Many of those substances were found to produce cancer and strong side-effects like headaches, dizziness, balance problems, depression, vomiting, abdominal pain, diarrhea, altered vision, weakness, seizures, numbness, hives, memory loss and sleep disorders.

They are neurotoxins and general toxins, particularly harmful to the brain, the eyes and unborn babies. They can produce symptoms similar to chronic fatigue syndrome, Alzheimer’s Disease, epilepsy, multiple sclerosis, Lyme Disease, myalgia and anxiety phobia disorders.

Just like sugar, artificial sweeteners also stimulate hunger, even a strong feeling of craving. Did you ever wonder why in USA, the nation of “low-fat, sugar-free, half-calorie”... foods you find over 80% of the population extremely overweight?! Artificial sweeteners create food addictions! That is one reason why the food industry loves them so much! Addicted people will crave for more and more of the same food, and the producers earn more and more money!

What can you do to break your sugar addiction? You might have to go through a “sugar withdrawal” that might even cause headache or a feeling of weakness for a few days. In the beginning, tea without sugar might taste like “punishment tea” to you, but very soon, you will get used to it. Your taste buds will actually change to appreciate taste much more than before!

Start out into a healthier life today! Decide to lay sugar on God’s altar, and enjoy His healthy alternatives!

Bless the LORD, O my soul

- Few testimonies from 38th batch STC

Praise the Lord. I struggled to stand or walk, and had a less appetite and found stones in the kidney. Doctors suggested surgery. In this state, I participated in STC, this August and got anointed in various sessions, but on the day of convocation when Prophet Ezekiah Francis just told “you people all the time running to rest room”, at then I was urged to go to toilet, and I ran to urinate and found two big stones just fell down. Now I find easy to walk and have a good appetite. I testify this to the glory of the Lord. Thanking God for Prophet. Ezekiah Francis and Team – **Sundaresan, Erode.**

Praise the Lord. I am greatly blessed by this 38th STC. I am learnt Agape Love, self-control, received the Joy of the Lord and more. But above all I could clearly understand the plan of God over my life and His Calling. I have taken every word of the prophecies spoken for me. Thanking Prophet Ezekiah Francis and the whole team – **KS Govardhan (Andrew)**

Praise the Lord. Though I am born again, in this seminar only I learnt about the powerful tool ‘tongues’ to communicate and connect to our God in an explicit way; Only very few churches talk about this, whereas I could clearly understand here and it helps me in manifesting the Gifts of the Holy Spirit. Also learnt about God’s calling and first time I came to know about the joy anointing and I experienced it. It changed me and seeded the hope of Joyful living in Christ – **Sridhar Agastya, Hyderabad**

Praise the Lord. I got to know my calling. I could receive a clear knowledge and truth about The Holy Spirit. Got to know the power of Tongues, seen visions about my calling and could hear the Voice of God speaking to me. Thanking Prophet Ezekiah Francis, Sis. Benita Francis and the Team members – **John Samuel, Karnataka**

Thank you for giving this opportunity to participate in this wonderful program. I learnt more about Word of God and how to teach the Word in the church. I liked sessions on ‘How to know your Calling’ and ‘Lack of Knowledge’. Thanking Prophet Ezekiah Francis, Leaders of the Ministry and the volunteers – **Sathi**

I came to attend this STC with my Pastor. Before coming here I couldn’t speak in Tongues. Now I learnt about the secrets and power of this exclusive tool to talk with God and I speak many, many new languages. I testify this with the great Joy that God has anointed me with for His glory. I would like to come here again and again – **Johnson, Pune, Maharashtra**

I brought my mother together with me who was tormented by the demons for the past 25 years. Though she go to the church continuously she didn’t get any relief. My Pastor’s wife studied in the School of the Holy Spirit in 2013, and suggested me to bring my mother here for this program. On each session my mother could feel the touch of the God. But, when Sis. Benita Francis conducted ‘Curse Breaking’ session my mother was completely healed.

I have already read the books on Tongues by Prophet Ezekiah Francis; ‘How to break the cruel curses’ and ‘How to break ungodly soul ties’ by Sis. Benita Francis blessed and changed my life.

I came here with many questions, and all that were answered in each and every session. I felt that each session was taken for me. Many prophecies revealed my Calling and the life plans. God spoke to me through prophecies by Prophet Ezekiah Francis. God confirmed my Calling when Bro. Alex prayed. All my heart's burden has gone. I feel happy that God brought me here removing all the obstacles. I assure that I will send people like me to Berachah programs. I praise God for giving Prophet Ezekiah Francis and Sis. Benita Francis as the treasures to India. I thank all who are part of Berachah – **Tamilarasi, Karur, Tamil Nadu**

I came to this program as my mother told to attend. I came with not much interest. Though I belong to a family serving God and a keyboardist, I knew that God's Calling is on my life I had been in worldly affairs and in greatly sinned. I lost the love of the God but He didn't, He brought me here. On the first session itself God led me to pray for forgiveness and in the session about Worship by Bro. Jeyaraj God touched me and anointed me with the divine love. Started speaking in Tongues and my faith is built. Also restored the first love and the conviction that I will serve Him with my family, and my parents would be very happy to see me changed. I also prophesied for the first time. I bless Prophet Ezekiah Francis and Sis. Benita Francis and their family – **Logathas James Harshan, Sri Lanka**

I came to STC with confused mind. But I am going back with loads of God's blessings. I got my left hand fractured in as I felled down from my two wheeler 4 months back. I had a terrible pain and I couldn't close or stretch my fingers. Now I can fold my fingers normally. Anil, one of my family member had piles problem for about 8 years, even that too got healed in these days. I committed to serve Jesus full time – **Sabhu, Kerala**

I am from a Hindu Poojari family, ministering among 500 people from Hindu background in Trivandrum, Kerala. These 10 days are a real eye opening experience for me. I learnt the hidden truths from the Word of God. The teaching of curse breaking and soul tie breaking by the anointed Sis. Benita Francis was a breakthrough in my life. Every session is unique. Thanking and blessing the ministry – **Thulaseedharan, Kerala**

I had intestine swelling and pain for the last 15 days. I suffered a lot and even couldn't eat food. During Sis. Benita Francis session, I was filled with the joy anointing and it released healing in me. Since then no intestine swelling and pain. I am completely healed. Glory to God – **Diksha Sharon, Hyderabad.**

I have been working as an evangelist in Gwalior since 1999. God clearly spoke to me while Sis. Sudha was teaching about the Holy Spirit and through the teaching of Prophet Ezekiah Francis on 'Know your Calling'. God spoke with the Words and confirmed my Calling as an Apostle. – **Josemon, Gwalior, MP**

I desired and longed to take part in STC for a long time. Thank God that I could take part this time. In Curse breaking session I got healed from the joint pain and during the soul tie breaking session I could feel transformation in my soul. Also could see visions of open Heaven. The sessions of Sis. Benita Francis and Worship helped me to experience Gods intervene – **Preetha Singh, Trivandrum, Kerala.**

For the past two years I couldn't even hold the pen and couldn't even put my signature. I was much perplexed. No doctors could identify the issue and in the situation to go to CMC to get diagnosed, I came to STC with much expectations. The first two days nothing happened but on the third day during Bro. Alex session, when he pray for healing, a chillness spread through the nerves of the hand from pointing finger. With increased faith I started to write. Wow... to my surprise I could write well. I was in shame as I couldn't write in the time I am going to get a government job. I came here with shame and tears. But, returning home with joy and confidence. Also I came with many questions but God answered through all the sessions. All glory to God. Thank you – **Ruby Rachel, Erode**

PHINEHAS IN CHRIST

Phinehas the son of Eleazar, the son of Aaron the priest, has turned back My wrath from the children of Israel, because he was zealous with My zeal among them, so that I did not consume the children of Israel in My zeal.

When He had made a whip of cords, He drove them all out of the temple, with the sheep and the oxen, and poured out the changers' money and overturned the tables (Nu.25:11; Jn.2:15).

When the Israelites fell into immorality and idolatry, God's wrath was highly triggered and killed 24,000. But for Phinehas, Aaron's grandson, God's fiery zeal would have consumed the whole nation of Israel (Nu.26:11). When one of the leaders of the Simeonites presented a Midianite woman in the sight of all Israel, Phinehas took a spear and thrust both of them through. So the plague was stopped. God Himself commended and blessed him for this noble, selfless act. Even today, He is looking for His Phinehas. I believe you are God's Phinehas in Christ.

Turn God's wrath from nations: God testified that Phinehas had turned back His wrath from Israel. The God who cannot behold evil is still angry at our sinful nations. The abounding idolatry and sexual immorality is reaching heaven, arousing God's wrath against us. Jesus, our High Priest, turned God's anger on Himself and drank the cup of His wrath to save the world. You are one with Him and called to stand between the holy God and a sinning world. You are the only hope to avert God's judgment on nations.

Be zealous for God's honor: Phinehas was filled with God's zeal for God's honor and His Word. He couldn't play a passive role when God's holy principles were insulted. He knew his jealous God would visit the iniquities of the fathers upon four generations (Ex.20:5; Dt.32:16,21; Ps.78:58). Your Savior was filled with the same zeal when He saw His Father's house made a house of merchandise. In Christ, you too can share His zeal and rise up against sin and corruption. Nations are provoking God by plunging deeper and deeper into sin. His Name and His Word are dishonored even in His church. God is looking for people who are full of His zeal to stand up against sin. It's high time for you to come out of your self-centeredness. Raise up a holy banner TODAY!

Put an end to sin and destruction: Phinehas' action stopped God from destroying the nation completely. He literally put an end to the plague by his brave action. Your divine Phinehas has put an end to all plagues and destructions on the Cross (Jn.19:30). The Old Testament Phinehas killed the sinners whereas your Phinehas took the punishment on Himself and stopped the spreading plague. You are now one with this sacrificial Savior! You have the power to stop the plagues in your country. You can stop the natural calamities. You can stop the power of sin sweeping through the nations on the basis of Calvary. Rise up and intervene zealously!

Atone for others: Phinehas made atonement for the sins of others by this zealous act. Your High Priest has atoned the sins of the entire world two thousand years ago. And yet, still people are ignorant of this great good news! He reconciled the world unto Himself. You are His ambassador with this message of atonement and reconciliation (2.Co.5:18-20). Rise up and implore the nations on His behalf! Even after Calvary, your divine Phinehas is

interceding night and day for His church and the world. He calls you now to be His co-intercessor. Stop being selfish and become a prayer-warrior for the nations!

Be promoted and blessed: Phinehas was highly promoted and entered into a new level of covenant relationship with God. God made a covenant of peace and everlasting priesthood with him and his generations (Nu.25:12-13). The covenant of peace includes completeness, soundness, welfare, safety, health, prosperity, tranquility and contentment (Eze.34:25; 37:26; Isa.11:9; 54:10). The covenant of everlasting priesthood was confirmed once again though it was his birthright as an Aaronite (Ex.29:19; Mal.2:4-5). Jesus made this covenant of peace and priesthood with you forever! When you share His Phinehas-ministry, you and your entire family shall enjoy this glorious peace and safety forever!

Beloved, one man in his zeal could save an entire nation, even in Old-Testament-times! How much more you, the new creation who became perfectly one with Jesus! Rise up, intercede, implore, intervene TODAY!

Thank You, Lord, You have make a covenant of peace with me, an everlasting covenant with me. You will establish me and multiply me, and You have set Your sanctuary in my midst forevermore because I am in Christ.
