

EDITORIAL

Dearly beloved in Christ,
Greetings in the wonderful name of Jesus!

It gives me great joy to meet with you through this page. I have no words to thank you for standing with me in supplication and support.

"The path of the just is like the shining sun, that shines ever brighter unto the perfect day" (Pr. 4:18). This has been my declaration from my teenage, and the God who promised it is faithful and is doing it in and through me in this ministry.

We just finished a powerful 34th batch of our yearly Short Term Intensive Course. Many deliverances and healings took place - both physical and emotional, some with strong manifestations like vomiting blood and violent shaking. Around seven hundred delegates came from Canada, US, Qatar, Sri Lanka, Dubai, Singapore, Malaysia, Philippines, South Africa, Africa, Nepal and Germany as well as from seventeen states of India.

Apostle Pr. Thampi from Kottayam, Kerala, was the chief guest for our graduation, and Pr. Damien from Cochin was one of our guest preachers. All our regular teaching staff excelled this time more than ever before. It was also a special blessing to have our counselors Pr. Joseph Balachandran, Pr. Paulose and Father Berchmans with us.

The "Christ-in-you-lifestyle" came alive and was a revelation to all the delegates. "He that called you is faithful, He will do it" came as a fresh word to each one in of the participants. The One who called you for holiness Himself will live His holy life through you. The One who called you to go and preach the Gospel Himself will take you and preach His Word through you. It is utterly impossible to live His life through your effort. This revelation is available in DVDs. Rush and get your copy! This powerful teaching will transform your life and make you a miracle-worker.

Before our STC, we had two conferences with Pr. Damien at Cochin and Pr. Thambi at Kottayam. It was a great breakthrough for many precious Keralites. Since we moved to Poondi, God is extending our territory mainly to other states of India and other nations. I believe we have moved into another level of glory and enlargement.

God willing we will have our School of the Holy Spirit from September 15th to December 15th. Years ago, God distinctly spoke to me to have a school of the Holy Spirit as Samuel, Elijah and Elisha trained sons of prophets to

flow in the supernatural. This school will build your spirit man to rise up like a mighty giant and do exploits for God. Many have already applied and we are in the process of screening and selecting the right candidates. Please pray for the wisdom of God. My wife and I endeavour to personally spend much time with the students. If the Holy Spirit prompts you to participate, please contact our office immediately. We have almost completed selecting the candidates. As a special treat, for the first time ever couples are welcome! Rush your applications to us.

We need lots of prayer for these meetings. Our foreign trip in the months of May to July was a milestone in our ministry. God is opening doors and moving with His revelation knowledge around the world. As a child of God, you don't need more power or more glory. Everything is already in your spirit. It is up to you to download it from your spirit and to live victoriously. This is my primary burden these days. I need your prayers for me to write and record my New Testament Commentary as early as possible.

Another sweet good news. We will have a special five-day seminar for Apostles and Prophets in the month of February 2012. Anointed apostles and prophets will come from other countries to minister to you. Please make sure to participate. Continue to pray for our aged parents, families, partners and staff in your daily prayers.

Yours in Christ

See Yourself in Christ Daily

(Adapted from *See yourself daily in Christ* by Bro. Ezekiah Francis)

A key to building your faith is to internalise the Word of God. Start now! It's not too late. There's wealth in the Word of God that will never run dry! Get a notebook, write down all the verses and faith confessions given below and memorise them. Read them aloud every day, as often as possible, till you can say them from memory. Exercise your faith muscles...1...2...3... GO!

Theme for this month: Abundance and authority

WEEK 1 *"The thief does not come except to steal, and to kill, and to destroy. I have come that they may have life, and that they may have it more abundantly" (Jn.10:10)*

In Eden, there was abundance. Abundance of life, food, creatures, satisfaction. The cream on the cake was the abundance of the presence of God! The entire garden was permeated with God's glory. God visited the first man every day, and he heard His voice. All this is restored to you in Christ!

Faith confession: Jesus and I are one. It is my right to enjoy God's Presence and hear His voice everyday.

WEEK 2 *"For if by the one man's offence, death reigned through the one, much more those who receive abundance of grace and of the gift of righteousness will reign in life through the One, Jesus Christ" (Ro.5:17)*

Faith confession: I have received abundance of grace and of the gift of righteousness and I do reign in life through Christ.

WEEK 3 *"Then God said, "Let Us make man in Our image, according to Our likeness; let them have dominion over the fish..., the birds..., the cattle, ... the earth..." (Ge.1:26)*

Man's purpose was to rule and reign. God is the Sovereign Ruler and He created man in His Royal likeness to be a co-ruler. During His earthly walk, Jesus ruled over demons, diseases, nature and everything by the power of His Word! You are engrafted in Him.

Faith Confession: I have been given authority to trample on snakes and scorpions, and over all the power of the enemy, and nothing shall by any means harm me, because I am in Christ!

WEEK 4 *"We are His people, and the sheep of His pasture" (Ps.100:3)*

Because you are the sheep of His pasture, you lack nothing. Every good and perfect gift comes from above. And that's the place where you are seated in Christ (*Js.1:17*).

Faith confession: The Lord satisfies my mouth with good things, and my youth is renewed like the eagle. In God, I live and move, and have my being because I am in Christ.

Prayer - the vital breath of life

Dr. Ezekiah Francis

James Montgomery wrote in 1819,
*"Prayer is the Christian's vital breath,
 The Christian's native air"*

Saints of old sang of prayer as the very breath of life and victory. They fondly called it the sweet hour of prayer. Is prayer really that important? Is it like oxygen to a Christian? Why do people regard prayer with reverence and respect? Oh! If only we realised the importance of prayer, we would forego anything else in life but prayer. Let me open my heart to you on this subject.

Prayer ignites Love

Intimacy with God strengthens our love for God. This is the primary purpose of His call. In my early days, I repeatedly asked the Lord, "How could You love a worthless worm like me?" Do similar questions trouble you? God called us to have an intimate love for the Lord Jesus. Paul speaks of this in his epistle to the Corinthians. *"God is faithful by whom you were called into the fellowship of His Son, Jesus Christ our Lord."* (1.Co. 1:9).

Listen to Hosea's poetic expression of how God lovingly beckons us! *"Behold, I will allure her, and bring her into the wilderness, and speak comfort to her. I will give her her vineyards from there"* (Hos. 2:14,15). What an awesome picture of God's love and tenderness!

This great, big, wonderful God is our alluring Lover who speaks tenderly to us. How amazing to see that the Immortal God allures mere mortals. His love knocks tenderly on our heart's door. When we hear His voice and open our hearts to Him, He comes into our lives and sups with us (Rev.3:20). Eating together reflects close friendship. The day of salvation is the day we make Him our personal Saviour and friend. Returning to God and communing with our Beloved is salvation. As soon as you accept Christ as your personal Saviour, the first lesson one should learn is that the purpose of Salvation is to enjoy intimacy with God.

Love grows strong with time. Wouldn't you want to spend hours with the one you love dearly? Don't you feel that you could never tire of your time together, however long you linger with your beloved? In fact, you might marvel at how quickly time flies! Yes, this is the nature of love. Love demands time for closer relationship. Affection longs for intimacy. The fire of love ignited on the day of salvation should grow more and more. As days go by, our love for Jesus should shine brighter and brighter! *"The path of the just is like the shining sun that shines even brighter unto the perfect day"*. But sad to say many believers' love for God does not grow like this. You want to know why? Because they do not bother to take time to cultivate this intimacy with God in the garden of prayer.

God's heart longs to commune with man. Why do you think God created Adam? I believe it was just to enjoy his friendship! Of all God's creation, why did God give man alone the ability to speak? I think it's to hear him babble away with child-like innocence. Like a loving mother longs to hear the prattle of her child, God longs for the sound of your voice. Let your imagination run with me a little. Day after day, God tirelessly created. No creation could commune with Him. His heart ached for intimacy. The sixth day dawned and God created man... The child He longed for! Whom do you think Adam first spoke to? With whom did he walk in the garden? Wow... What a beautiful sight! God and man walking hand-in-hand. His sweet voice must have filled Adam with rapture. God must have felt jubilant over the prattle of His child. What joy! What pleasure!

But the moment the created being set itself up in the place of the Creator, the love relationship shattered... After enjoying sweet communion with the Lord, nothing else could satisfy him. From then on, man's heart has been panting for God's love and intimacy. Our Lord God who cried out, *"Adam, where are you?"* in the Garden of Eden, longs for closeness with man even today. We regain this lost

intimacy when we are born again. We water this love with our prayer life. Love blossoms like a flower only in the Garden of Time. Yes! Spending time with one another is a must for deeper understanding and a better relationship with the one you love. That applies to your relationship with God as well. That time to develop your intimacy with God is called prayer time.

Bible heroes spent long hours with God to know and understand Him. **Abraham** was a good friend of God. The God of gods openly says, *“My friend Abraham”*. The very thought that God and man could be friends thrills my heart. Abraham built altars and worshiped the Lord wherever he went. He took enough time to converse and commune with God. So much so that God could not hold back His secrets from Abraham. The Lord plainly said, *“Shall I hide from Abraham what I am doing?”* (Ge.18:17). What an intimacy! Think about it... Abraham talked to God and God talked to him. Such times of communion were the anchor of their friendship. Do you long to have this closeness with God? Increase your prayer time.

David was another great friend of God. Their hearts were knit together, and God referred to him as a *‘man after My own heart’*. David had his own failures. Yet he craved for fellowship with God. He passionately sang love songs to God. God tells us the reason for David's success and honour. *“Because he has set his love upon Me, therefore I will deliver him. I will be with him in trouble and I will honour him”*. His heart panted after God. To him, nothing was sweeter than his prayer time. *“As the deer pants for the water brooks, so pants my soul for You, oh God. My soul thirsts for God, for the living God. When shall I come and appear before God?”* (Ps.42:1,2). This was his constant cry. His thirst for God turned into a deep passion for prayer. The world seemed like a desert to him. He had an unquenchable thirst for God. He

sang, *“Early will I seek You... I meditate on You in the watches of the night.”* *“My meditation of Him shall be sweet”*. Meditating on God was David's sweetest experience.

Yes, those who love Jesus still crave for their time of prayer. They do not do it out of compulsion, but out of desire. Many saints of God taste the Lord and His presence, and cry out in ecstasy saying, *“Lord, it is good for us to be here”*. The Lord looks for and delights in people who run after Him saying, *“My heart's beloved, where do you live?”* Would you like to be one of them? Being with Him is like sitting in a banqueting hall. In this closet, men of God whisper that they are love-sick.

Zeal without love is pointless. Peter was zealous for God. He fell in love with Jesus when he first heard about Him. Wanting to get closer, Peter willingly answered Jesus' call to be His disciple. But as days passed by, his love began to wane. He slumbered when he ought to have prayed. Instead of weeping with Jesus in the Garden of Gethsemane, he was sleeping. But, when the soldiers came to arrest Jesus, he suddenly drew his sword and smote the ear of a man in the crowd. Jesus sharply rebuked him saying, *“Put your sword in its place”*. Yes, prayerless valor is in vain. Jesus made it clear that He coveted Peter's prayers more than the demonstration of his zeal. Only a few hours before that, Peter gallantly declared that he was ready to go to prison or face death with Jesus...

When Jesus arose from the dead a few days later, He lovingly looked at Peter and asked, *“Do you love me more than these?”* Spontaneously Peter replied, *“Yes Lord, I love You!”* (Jn.21:15). Today Jesus is asking you the same question. Will you respond wholeheartedly like Peter? If your answer is yes, increase your prayer time, and fall in love with Jesus all over again.

Rare Opportunity!

Special Treat

Don't Miss!

Some subjects during our SCHOOL OF THE HOLY SPIRIT (September 15th to December 15th) will be open to all! Keep watching our web page for details, news and updates! Register and participate in these life-changing meetings!

Follow us on Facebook and Twitter or call us at: +9144-26501390

Dear family of God, as we travel around, unfortunately we have seen many of our people are still addicted to three white killers. In some cases even our friends who had not repented and dedicated the taste buds to the Holy Spirit, suddenly develop diabetics. We have therefore decided to repeat this important information. Please read it prayerfully and decide to glorify the Lord in your spirit, soul AND body. (1 Cor.6:20)

In this article, I want to teach you to conquer one of the “three white killers” that are taking countless lives all over the planet. Have you ever heard about them? Unfortunately, they find their way into our homes at a fast increasing rate all over the world.

The result is a tremendous rise in “civilization diseases” like heart attack, stroke, diabetes, cancer, obesity, allergies and all kinds of other tortures for humanity. India holds the sad world record in diabetes and in heart attack, and there are definite reasons for it. Fortunately, there are also definite ways to protect yourself from it.

What are these “three white killers”? They are white sugar, white wheat and white rice! In another chapter, we will study in depth why “white” is so dangerous.

Now let me give you a sad example of why white sugar is so bad for your health. As I write this book, we got news that an anointed prophet of God in India passed away in a very sad way at the young age of only 53 years. The reason was given as blood poisoning in the aftermath of a heart operation. Actually, he was scheduled for a kidney transplant when the heart problem arose.

Yet what was the beginning of all these troubles? It was, as in so many cases, diabetes, high blood sugar!

Diabetes is increasing at alarming rates all over the world. In USA, for example, less than 200 years ago people consumed about 10 pounds of sugar per year, compared to 170 pounds today!

Many people try to get 25% of their daily nutrition

from sugar! It’s as if they ate a bowl full of sugar every fourth meal! As a result, doctors today expect two out of three Americans to develop diabetes, and even one out of two among the sugar-loving Hispanic citizens. Unfortunately, India is heading into the same direction! The main reasons are today’s sedentary lifestyle and wrong diet choices.

Why not you heed these global warnings and restrict your sugar intake reasonably from today onward? As a reward, you will be able to enjoy God’s wonderful sweets in the form of healthy fruits or vegetables until the last day of your life! It just breaks my heart to see servants of God in their thirties having to inject insulin and avoid all kinds of sugar, even in the form of fruit!

Sugar goes through a long **refining process** of at least ten steps during which even bleach, chlorine and other chemicals may be used to make it more appealing to the eye!

Once refined, sugar is denatured and devitalized, stripped of all its nutritional value (97% of its vital magnesium content, for example, is stripped off!), and gives you only empty calories.

Researchers say that if we ate sugar cane prior to processing, we would receive many of the essentials needed for life, in addition to large amounts of fiber which would cleanse our intestines and our whole digestive system. How sad that man always seems to think he has to improve what God created! If you eat and drink things as natural and as close to their creation state as possible, you will enjoy tremendous health!

Sugar is definitely an **addictive** substance. You don’t believe it? Well, just try to “lay it on the altar”, as Dr. Jordan Rubin, author of many health books and personal doctor of servants of God like Benny Hinn, Joyce Meyer, Kenneth Copeland and others requires!

Dr. Rubin even goes to the extent of refusing to treat a patient if he is not willing to break his sugar-addiction by eating and drinking completely sugar-free for at least

Serve visitors tea on the tray. Keep sugar with spoon separate. If they still decide to ‘poison’ themselves, at least you are not responsible

three weeks! His success with patients given up to die by many doctors and hospitals honors his methods.

White sugar creates crooked teeth, obesity, frequent infections, allergies, hyperactivity, dyslexia, depression, addictions and blood clots. Some researchers even hold that sweets, rather than fat, increase the risk of heart attacks! Diets high in sugar elevate cholesterol and triglycerides, making sugar as risky for the heart as smoking or obesity. Studies showed that **“bad” cholesterol concentrations can be lowered simply by a diet low in sugar!**

As you try to lower your sugar intake, well-meaning people may worry that you might become weak without the instant energy sugar seems to give. But don't worry, you can easily get all your sugars and carbohydrates in a much healthier way by eating fresh fruit or vegetables, chewing some dry fruits or adding a little honey.

Did you know that **ONE teaspoon of white sugar “kills” your immune system for 6-8 hours?!?!?! After taking your tasty Indian tea or coffee loaded with sugar, your body has to struggle with extremely low defenses against any bacteria, virus or health attack!**

Another well-known fact is that **cancer feeds on sugar!** Many times, cancer patients' lives could be saved by a diet rich in fresh vegetables, completely avoiding all white sugar!

As you shop, please read the labels! Not everything that seems healthy really is healthy! There is a boom of “muesli” cereals now in India, but unfortunately, many of these products contain tremendous amounts of sugar. What will that do to your health?

A science project reports feeding a dry, sugary cereal to one group of rats. The box containing the cereal was fed to a similar group of rats. The study indicated that the rats who ate the box were healthier than those who ate the cereal! This makes sense because the rats that were fed the box were essentially fasting, which is better than the rats eating toxic white flour, sugars (up to 60% in the cereal used) and artificial colors!

Children and adults easily get addicted to these sugary cereals, and thinking they do their health a favor, they actually deplete their body of many vitamins and minerals. It is a well-known fact that **white sugar robs the body of vitamins and minerals**, especially the B-vitamin-group that is so essential for a good nervous system and brain function, and calcium that is so needed for bone health.

Some sailors were stranded on an island and ate only water and white sugar for nine days. When they were found, they were in a severe toxic condition because the sugar had taken out many vitamins and minerals from their bodies and even brain tissues. In fasting, therefore, you should not take white sugar! **Plain water or fresh vegetable juices will keep your body healthier than sugared drinks!**

A very interesting experiment was conducted in some schools in New York. Many American children today are so aggressive that teachers carry their guns to school to protect their lives. American school kids usually eat “junk food” like white-bread-burgers with ketchup (which contains very much sugar), candy bars, chips and chocolates and drink the typical soft drinks.

Now these schools completely eliminated all these items from the children's diet and fed them fresh fruit and full-grain bread with healthy meat, cheese or honey. Their drinks were milk and pure water. In a very short time, the students changed in an astounding manner! They became peaceful, patient, well-mannered, attentive, intelligent and bright. They lost their overweight and regained a healthy complexion and even a good social behavior!

In today's world, parents feed their children fast-food and soft drinks without knowing the damage they do even to their children's character.

Many parents today complain that their children are unable to concentrate for a longer period of time. This feared **ADS**, “attention deficiency syndrome”, makes parents follow doctor's advice and administer drugs even to small children. Imagine the horror of a drugged generation! We see it in Europe more and more. Please feed your children only natural, healthy items, and you will see them as bright and attentive as can be!

With great concern, I see all the western evils like soft drinks, candy bars etc. spread at lightning speed all over the world! Did you know for example that 330 ml of coke contain 19 serving of white sugar (as much as 12-15 apples or 15 feet of sugar cane!), plus chemicals so harmful that they “digest” a piece of meat overnight? These substances will definitely affect the character of the young generation if you allow them to consume them!

Please stick to your wonderful fruit juices, lassies, curds and buttermilks as well as tea and coffee without sugar (you can add some honey, if needed).

(To be continued)

PRAYER - IS IT YOUR MASTER OR YOUR SERVANT?

We all live in a busy and hectic world. We all have our own priorities and schedules to follow. We all know that we should begin our day with prayer, and we start our day with prayer. The question is not, "Are we praying every day?" The question is, "How are we praying?"

Let's see a typical conversation between a man and God.

Man: GOD, I'm here to talk with You this morning.

God: Oh....! Really...! I'm well pleased in you and very happy about you, My son.

Man: Really? Are You with me now? Our Father in heaven...

God: Yes... tell Me, My son!

Man: Hallowed be Your Name...

God: You made Me happy by exalting Me!

Man: Oh! Praise God! Let Your Kingdom come...

God: Yes, exactly! I'm eagerly waiting to establish My Kingdom on earth, but I can't do it by Myself. I need you! Will You?

Man: Yes, Lord. But I need my family, too! Ok, Lord, let Your will be done...

God: Are you really allowing My will to be done in your life? You take all your decisions without even consulting Me! I have great plans for you, but you go in your own way and fulfill only your own will. Have you ever thought about Me, My son?

Man: Hmmm... On earth as it is in heaven.

God: Are you really working for My Kingdom to be established on this earth? You are only worried about and concentrated on your own family. You work for it, live for it, give all your time and money for it.

Man: Yes, of course I do. If I work for You, who will take care of my family? Okay... Give us today our daily bread...

God: I provide for you every day, My dear son. I feed you every day. Are you feeding the needy who starve and long for just one meal every day?

Man: Oh, I'm fed up! You keep blaming me, asking me questions... I was really patient till now but I'm not willing to bear it anymore! Okay... Forgive our debts as we also forgive our debtors...

God: I was patient with you all these years, My son! Are you really forgiving everyone from the bottom of your heart, My dear son?

Man: Oooooopppppsss! From the morning you have started questioning me, Lord. How do You expect me to forgive that fellow who has done this cruelty in my life? I can never forgive him for all he did to me!

God: Did not I forgive all your sins? Have not I loved you the way you are and made you a brand new man? It's all because I love you, My dear son.

Man: Okay....Lead us not into temptation, but deliver us from evil...

God: I always guard you, My son. You are embedded in My hands, but are you guarding yourself from evil ones? Are you aware of what you watch, hear and do? In spite of Me telling you what not to do, you found pleasure in what you were doing, and now you ask Me to guard you from all evil and all temptation. Take a stand for Me, and I will help you, My son. I am always with you to guard you if you allow Me to do so.

Man: Oh my God! I'm very sorry, Lord Jesus! Now I understand the love You have for me, Lord! It's all my mistake. I prayed senseless, meaningless prayers for years, for name's sake, just because I'm a Christian. I never even asked or listened to what You expect from me and what You have planned for me. I was too busy working for my family. Now I realize my big mistake. I repent with all my heart, Lord! I will no more do monotonous prayers but will spend time in Your Presence every morning to understand your heart beat, Lord. I love You so much!

God: (with tears of joy) I'm very happy, My son! I need you! I will never leave you nor forsake you. I have forgiven all your sins. You will always be My sweet son. I was waiting for you all these years! Every morning I would wait to talk with you, but you would give Me a big to-do-list and walk off! Today I'm so happy that I got My Son back! Hugs to you! I love you with an eternal love! I'm always with you, I will never leave you nor forsake you! I want to have intimacy and a very close friendship relationship with you. Will you give Me time?

Man: Oh my God! I'm so privileged to have a relationship with You, Lord! Yes, I will open my heart and my ears to You and Your Word! From today onward, my prayer time is going to be a love time with You, my Lord!

From this conversation, you can understand the heart cry of your Lord and the love He has for you. He is a love-hungry God! He needs you. He wants you to talk with Him every day and have a personal relationship with Him.

Prayer is nothing but spending time in the bosom of your God. Keep a proper prayer time from now onward! Visit with your God, chat with Him, listen to Him, enjoy His Presence and let Him impart His heart to you!

Do you long to know more about prayer? Do you want to know the heart cry of your loving God? Do you desire to discover types of prayers that can take you closer to God's Heart? Do you crave a two-way-communication with God?

Yes? Then get your copy of "PRAYER THE VITAL BREATH OF LIFE" by Dr. Ezekiah Francis today itself and become a God-lover who satisfies His loving, longing heart!

TESTIMONIES OF CHANGED LIVES FROM STC 2011

Glory to Jesus! I was longing for something exactly like this. I started writing notes thinking I will write only the most important words, but I ended up writing every single word which came from Prophet Ezekiah annan (Christ in him). Glory! On the 9th day, I finished two note books. All the words are imprinted in my heart. The Holy Spirit guides me and directs me. He has talked to me many things for my life and about my future. I thank Ezekiah Annan and Berachah Ministries from deep inside and would like to partner and continue to take the mantle and run for Jesus. *Aji Varghese, Kochi, Kerela*

Praise the Lord. We had a very special time here at Poondi. We recognized our calling. Our faith has increased and we want to do extraordinary things for God. This is the first time we attended the STC and we are so blessed. We will pray every day for Berachah Ministries. *Viji & Jiby Daniel*

My dear Anna and Annie,

God bless you. I love your ministries. There was the fear of death inside me. Satan had me bound by fear. I wanted to die. Now through the Holy Spirit anointing, I am leaving as a blessed child of God. The Word of God through you touched me and changed my life. *Samuel Murugesan, Maharashtra*

I developed a spiritual bent of mind from the year 1997-98. I went for regular spiritual practices into different sects of Hindu religion and Buddhist meditation practices. One day I got attacked and possessed by demons. I tried looking for solutions in different Hindu temples and meditation gurus. No relief came or even if they did, it was very small and temporary. After suffering for 10 years, I read about Jesus on the internet and went to the local church in Delhi. Jesus did not wait for me to show His reality. He started answering my small prayers from the day I started praying to Him. But my need was deliverance. Many demons left me in prayer meetings at believers' places. But all the demons did not leave me. So my pastor told me to go for the Berachah Ministries' Short Term Course. I came to the meeting. This place is a place of deliverance. I have been set free. The Holy Spirit entered me after Pastor Nehemiah's session and I started jumping and dancing. After Sister Kiruba's session about tongues and their interpretation, I can now speak in tongues whenever I want. I know that God is going to use me in North India. One brother told me a detailed prophecy of my future. I sure need a lot of courage. But I know it is not me but Jesus in me who is going to do it. Praise the Lord.

John Naveen, New Delhi

Dear Dr. Francis, In the Philippines we have witnessed Christian programs over the T.V. conducted there in Chennai. They are very impressive and challenging programs. When our daughter Rhoda asked us if we wanted to come to Chennai with her we did not have to have a second thought about it believing that we would have the opportunity to be exposed to one of these Spirit-filled Christian programs and activities going on there. We thank our wonderful God for the opportunity to attend the Short Term Intensive Course of Berachah Prophetic Ministries.

The course is full of interesting lessons and revelations. I am confident I will be able to use these lessons to challenge and make our Christian workers at "The Eternal Spring of Living Water Christian Ministries" become effective soldiers of Jesus Christ who will march on to wage war against the enemy. We came back to the Philippines in the evening of the last day of the course. All along the way when everything is calm and quiet, I seem to hear the sounds of singing and shouting of praises and exaltation to Jesus Christ ringing continuously in my ears and in my imagination, I see the jubilant jumping and waving of hands and swaying bodies gripped in rejoicing by the Spirit of God. The saying: "Words are not enough to describe," has come to reality for I cannot really describe the ecstatic feeling I have as a result of the conference. My heart, my spirit is just full of Spiritual and Divine blessings and awakenings, I cannot fully put them to words.

We arrived in Baguio about twelve o'clock midnight Saturday. After a short time of praise and prayer of thanksgiving to God, exhausted and sleepy, I went to bed having been directed by the Holy Spirit that the following day, Sunday, I would start a revival, an awakening of the people in Church to commit themselves to join the Army of the Lord, to make them aware that Jesus is in them and that they can do all things through Christ Who gives them strength. I did preach last Sunday morning, and the result was just so encouraging. Although we did not have a lengthy period- as it is in seminars or conferences- by the help of the Holy Spirit I was able to strike the right note in them, and the atmosphere was full of eager anticipation for more, more, more!

Yes, the Short Term Intensive Course has blessed my wife and me so tremendously that I can't wait to impart the blessings to others in fulfillment of what God has promised: I bless you to be a blessing to others. I thank God for the privilege of knowing you and your wife and all the kind-hearted, friendly, loving people of God of BPM. I thank God that you have heeded to His call to be a prophet and to establish Berachah Prophetic Ministries, a highly commendable ministry anointed by the Holy Spirit to help people receive anointing and commissioning into the Lord's Army! Hallelujah! May I end by saying once again: I thank God for using you all at BPM to give spiritual blessing to thousands of people all over the world. I pray and I am confident that BPM will continue to be blessed to bless!
